SOME HELPFUL TIPS FOR CLOSING YOUR HOME FOR OFF SEASON

_____ Put a clean filter in your air conditioner and set the temperature as advised by your A/C vendor with controls on "Auto" and "Cool". Set humidistat according to the Guidelines set forth by your A/C vendor.

_____ Thoroughly clean rugs and floors so as not to attract insects that will leave stains if they die there.

_____ Do not leave crackers, cookies, cereal, or other opened boxes in cabinets or on counters (may be stored in the refrigerator). Remember the crumbs in the toaster!

_____ Check your plumbing system for leaks. Look for wet areas or water stains in your kitchen, bathroom, and laundry area.

_____ Turn off the water valve to your unit– by the hot water tank in the storage room. Before turning off the valve, fill all water traps and seal (leave in the closed position) to avoid evaporation. Turn off the main valve (outside) by Bonita Springs Utilities at 1-800-583-1496.

_____ Replace any worn shut-off valves.

_____ Check water heater for rust.

_____ Clean all toilets, flush and treat with a few capfuls of bleach to keep them clean and seal with plastic wrap to prohibit evaporation. A home caretaker may want to open, brush, and flush and then retreat and seal several times over the season. (If the main valve was turned off, a caretaker would need to turn it on and then off when finished.)

_____ Disconnect appliances – VCRs, TVs, computers, Garage door openers, and microwave ovens, turn off the water to the water heater.

_____ Leave the refrigerator "ON". Condiments and other non-perishables can be placed inside. Set at lowest settings – "1" and "A." Turn off ice maker and empty out all ice cubes. Place baking soda in both the fridge and freezer to control odors. If you choose to unplug the refrigerator, prop the door open.

_____ Raise bed skirts to allow circulation.

_____ Open closet doors for ventilation.

_____ Place lanai furniture and all items that will mildew or rust indoors where there is air conditioning. Take care not to place on rugs, as this will leave marks. May want to place on cardboard or sheet to protect the carpet.

_____ Notify Post Office and Hoa Office and arrange for mail forwarding. Arrange for utility bills to be paid directly through the bank.

_____ Notify Telephone Company to put the phone on vacation status.

_____ Remove all trash in house and garage. Take to the main dumpster at Club House, if necessary. Do not use dumpsters in condo areas. Anyone caught using condo dumpsters who is not a condo resident will be charged the Onyx fee.

_____ Prop the dishwasher door and the washing machine lid or door slightly open. May use folded paper towel to prop open.

_____ Weather strip and caulk windows and doors.

_____ Make sure all windows and doors are securely closed and locked (including patio doors and lanai screen door).

_____ Close blinds, roll shutters down, and leave the switch in the middle position.

_____ Set out small containers of charcoal or cat litter in every room to absorb moisture and odors.

_____ Discontinue newspaper service.

_____ UPDATE Home watch information for your unit with the HOA office.

_____ Change the battery in the digital thermostat.

_____ Change batteries in all smoke detectors

_____ Update mailing address information with the Master Association and HOA

_____ Remove any and all lanai items and landing items.

Special Note: Please remember that Florida is Tropical –summers are hot and humid, and these special steps are important to protect the investment of you and your neighbors.
