

TENNIS NEWSLETTER

January 6, 2025

As I'm writing this I can see all the courts being used. This tells me that everyone is back and it's great to see familiar faces. The welcome back clinics are filling up and it's a great way to start the new year. Just a reminder that all the clinics start at 11:00AM.

The interclub season starts this week and we have 15 teams competing. This provides an opportunity for the members to come out and support our teams and enjoy the matches.

Tip of the week:

One of the most important shots in tennis is the serve. The ability to place your serve is a big bonus as it can set the point up for you. Most returners don't like to hit a backhand because it's their weakest side so that would be my first choice. If that's not in the cards then try to get the serve as deep as possible. You don't want to give your opponent a short serve opportunity as that opens up to many options.

See you on the court, Mike Barnes (Tennis Pro)
