Last week's tennis banquet was spectacular. Awards were given to the tournament winners, as well as recognition to all the captains and the volunteers who helped make the program grow. I know I speak for the tennis committee in thanking all of you for providing your time and expertise. The evening also consisted of great food and dancing. It was a blast!

Stroke of the week this Tuesday is the lob and the overhead. Contact me to register. The clinic is at 11:00 am.

Tip of the week: Gathering your composure during a tense moment in your match is a difficult task. Before the next point starts, try to take deep breaths and try to relax. Begin to focus on the next point and not the one just played.

See you on the courts, Mike Barnes, Tennis Pro.
