Mixed Doubles Championship Competition

The winter interclub season is winding down and I can say with certainty that all of our teams were very competitive.

Last week's results

Monday Rained

Tuesday the 3.0 men won 2-2 by virtue of sets. The decisive match was won by JD Hurd and Ron Flanders 11-9 in the final tiebreaker. The 2.5

women won 3-0 as Cheryl Hockin and Jane Yates won tiebreaker to secure the victory

Wednesday the 3.0 ladies lost 2-2 by virtue of games. The 2.5 ladies lost 0-3

Thursday the 3.0 men won 4-0 highlighted by Chuck Cavicchio and Tom Hughes winning a tiebreaker

Friday the 2.5 men continued their winning streak with a 4-0 sweep. The 3.5 women also swept 4-0. The 3.0 ladies lost 0-3. The 2.5 women won 2-1

Saturday our 6-0 mixed doubles team swept 3-0

This week home matches:

Monday the 2.5 men play at 11. The 3.0 ladies at 1

Thursday 3.0 ladies at 1

Friday 2.5 ladies at 1 . The 3.0 ladies at 3

The finals of the 7.0 mixed doubles championships between Jim Gelhaar-Diane Watson and Russ Ryan-Linda Zimmer is this Wednesday at 11:30.

Please note that on Wednesday the courts will be closed for maintenance at 4 for the entire afternoon and evening.

Also please note that the ball machine remote is being replaced but the machine still works manually.

The draws for the club doubles championships will soon be up but in the ladies division I would like to see more entries in the 5.5 and the 6.0.

We need more men in the 7.5, 7.0 and 5.5. I'm making the deadline Wednesday for this.

Please note that the upcoming doubles social is going to Sunday the 16th at 4 pm. There are no conflicts on that day. Wear something GREEN!! Sign up on Chelsea.

The next ft Myers pro league match is the 14th at West Bay. Great time to watch local pros in action.

Tip of the week:

If you're having trouble seeing the ball on a overhead smash because of the sun, try shielding it with your non hitting hand. It takes practice but pays dividends.

See you on the courts, Mike Barnes!
